3- The matter concerns the block development officer, development block-City, District- Mirzapur Uttar Pradesh. The matter comes under the supervision of block development officer-City block, District- Mirzapur.

Here the appellant is seeking posting details of the public staff posted in the development block city Mirzapur, but it is most unfortunate concerned public information officer is running away from providing information because he knows that many staff posted in the development block for many years and indulged in corrupt practises and if the information will be disclosed then they will have to be transferred for other places and the setting of corruption will be disturbed. Which will cause adverse impact on the back door income of the corrupt staff of the department.

4- Right to information act 2005 was introduced by the government of India to promote transparency and accountability in the working of the public authorities so that growing corruption in the working of public authorities like jungle fire must be controlled but it seems that corruption in the government machinery itself controlled the right to information act 2005 by diluting the provisions of the right to information act 2005 in crypted way.

It is quite obvious that concerned district development officer is not providing information to the information seeker which is violation of the provisions of the right to information act 2005 by the District Development Officer.
