To: **Subject:** URGENT: Farmers' Crisis - Non-functional Tube Well No. 151 (Mirzapur) | Ref: GOVUP/E/2026/0012142

Respected Shri Arvind Mohan Ji,

I am writing to you with great hope regarding a critical issue currently pending with the Chief Minister Secretariat under **Registration Number: GOVUP/E/2026/0012142.**

The Issue: Government Tube Well No. 151 (First) in **Village Nibi Gaharwar**, Block Chhanbey, Mirzapur, has been dysfunctional for over a week. Despite the motor being taken to the Mirzapur workshop days ago, it has not been repaired or reinstalled.

The Crisis:

- This is the peak window for **wheat sowing**. Without irrigation ('Paleva'), farmers cannot plant their seeds.
- There is significant resentment among the local farmers due to the "evasive style" and lack of communication from the local Junior Engineer and mechanics, whose phones remain switched off.
- Every 24 hours of delay is resulting in a direct threat to the seasonal livelihood of dozens of families.

Request: As the matter is now under your esteemed supervision, I humbly request you to direct the **Executive Engineer (Mechanical), Mirzapur**, to ensure the immediate reinstallation of the motor within the next 24 hours.

I am reaching out via email as the Jansunwai mobile application is currently experiencing technical "Force Close" errors, preventing me from tracking the status further.

Complainant Details:

- **Name:** Yogi M. P. Singh
- **Mobile:** 7379105911
- **Location:** Village Nibi Gaharwar, Mirzapur

With high regards and anticipation of a swift resolution.

Sincerely,

29/01/2026, 10:35
