BEFORE THE HON'BLE STATE INFORMATION COMMISSION, UTTAR PRADESH

Hearing Venue: Room S-9, RTI Bhawan, Lucknow

Appeal No: S09/A/1037/2025

Date of Hearing: 12/05/2026

Yogi M. P. Singh ... *Appellant*

Vs.

Public Information Officer (PIO), Executive Engineer, EDD-II, Mirzapur ...
Respondent

WRITTEN REPRESENTATION ON BEHALF OF THE APPELLANT

1. Background of the Default: The Respondent has consistently failed to comply with the Commission's directions. Despite orders passed on **January 12, 2026**, and **February 18, 2026**, directing point-wise disclosure, the PIO remained absent and provided no information for months.

2. Rebuttal of the PIO's Response dated April 9, 2026:

The Respondent's letter (Letter No. 1621) is a clear attempt to mislead the Commission and suppress facts:

- **Obstruction on Points 1–4:** The PIO claims information cannot be provided without a "Connection Number". This is a standard tactic for evasion. Electricity connections are indexed by the **Premise Address** and **Consumer Name**. The appellant has provided the full name (**Tarak Nath Yadav**) and father's name (**Avadhraj Yadav**).
- **Possession of Records:** As the public authority, the department maintains a consumer database searchable by name and location. Claiming "impossibility" proves an ulterior motive to hide the fact that a connection was indeed provided despite heavy dues.

- **Evasive Reply on Point 5:** Regarding Junior Engineer **Kisan Lal Sharma**, the PIO merely stated he is "not currently working". The original request was for his **joining date** and **posting details**. Whether he is currently there or not is irrelevant to providing his historical service records.

3. Evidence of Ulterior Motive: The appellant asserts that the department is protecting internal irregularities. If the department is issuing bills for the premises, it possesses the connection details. By denying the information, they are shielding the fact that a second connection was improperly handled while heavy dues remained in the name of Tarak Nath Yadav.

4. Prayer:

In light of the persistent non-compliance and the misleading nature of the response dated **April 9, 2026**, it is prayed that the following occur:

- The Commission rejects the PIO's claim regarding the "Connection Number".
- The PIO should be directed to search records by Name and Address and provide the latest bill and connection details as soon as possible.
- The Commission invoked **Section 20(1)** of the RTI Act to impose a penalty on the PIO for knowingly providing incomplete and misleading information.
